Enable OEM Unlock. Samsung does not allow you to unlock the bootloader. . Tap the Build Number 7 times to activate the µ options. But you can't face the death problem again, which I suspect has been solved in this latest firmware and bootloader from XXELLA. 6. Again, I go to Developer µ and check if the OEM Unlock option is grayed out. Mainly OEM Android manufacturers lock the bootloader, if you do not want to install any custom ROM, you should not need to
